FYI, in this world, although "Nipponia" and "Nipponian" are the official terms, "Japan" and "Japanese" are used as unofficial/historical/slang terms as well

ERROR DETECTED! My apologies... in episodes 73 and 74, the BGen is supposed to have only a one star insignia, not two. It was a major miscommunication between me and the artist, but this has been fixed when the general appears in future episodes. Sorry for the booboo. (>_<)

JGSDF = Japan Ground Self-Defense Force. Nipponian's Army branch

LNO = Liaison Officer

LCpl = Lance Corporal (E-3)

Maj = Major (O-4)

LTC (Army) / LtCol (USMC) = Lieutenant Colonel (O-5)

Col = Colonel (O-6)

BGen = Brigadier General (O-7)
